ADDRESS
OF
HON. THOMAS E. O. MARVIN, MAYOR,
AT THE
ORGANIZATION OF THE CITY COUNCILS,
April 1, 1873.

GENTLEMEN OF THE CITY COUNCILS:

The duty and responsibility of managing the municipal government during the present year have been entrusted to us by the votes of our fellow citizens, who will expect and have a right to demand an impartial, economical and judicious administration of public affairs. The thorough performance of the duties devolving upon you will require the sacrifice of much of your time, and perhaps expose you to unmerited censure and abuse. Independent action, prompted by your own convictions, will carry you through the difficulties you will inevitably have to contend with, and win for you the respect of all candid men. The financial condition of the city will require your careful attention and constant study.

THE FUNDED DEBT

of the city at the present time is \$207,700. During the year 1872 the debt was reduced \$39,700. This sum (excepting \$2300) was paid by the transfer of State bonds received from the State for reimbursement of bounties paid to volunteers and drafted men. There is no floating or temporary debt except ordinary bills for current expenses. The cash in the treasury is doubtless sufficient to pay them. As an offset to the funded debt, there are

\$31,500 of State bonds in the hands of the treasurer, making the debt of the city at this date \$177,200 without reckoning outstanding taxes.

The sum of \$33,200 of the debt will fall due the present year, to the payment of which the State bonds should be applied, leaving only \$1700 to be provided for by taxation.

There are \$2700 of city bonds due some years ago still outstanding, not having been presented for payment.

The balance of the funded debt will become due, as follows: In 1874, \$52,800; from 1875 to 1882, \$5000 each year; in 1883, \$25,500; in 1884, \$7,500; in 1885, \$46,000.

THE STATE TAX

assessed upon this city the present year is \$29,706; it was \$15,039.00 in 1872.

THE COUNTY TAX

this year is \$19,687.75; it was \$24,851.62 in 1872—making it necessary to raise \$9,503.13 more for these two items of taxation the present year, than was raised the past year.

THE PORTSMOUTH AND DOVER RAILROAD.

This important link of a chain of roads, either constructed or projected, connecting this seaport with Northern New Hampshire, Canada, and the West, is being built mainly by the subscriptions of the cities of Portsmouth and Dover. The entire cost is estimated at \$599,684.32.

The subject of granting city aid in the construction of this road has been some years prominently before the people of this city, and has been freely discussed by them.

At the municipal election November 23d, 1870, it was brought to a direct vote, on the question, "Is it expedient for this city to aid in the construction of the Portsmouth & Dover railroad to an amount not exceeding 1 1-2 per cent. of the assessed valuation according to law?" Upon this question 1483 votes were cast by written or printed ballots, of which number 1259 were in favor of granting aid to build the road, while only 224 voters expressed a negative opinion.

In the spring of 1871 the City Councils voted to petition

the Legislature for an act authorizing this city and the city of Dover, and any town upon the route of the railroad, to guarantee the payment of dividends on the capital stock of the road. And the Legislature, by an act passed on the 15th day of July of that year, granted the requisite authority.

Joint resolutions granting aid by city guarantee, were considered by the City Councils in the summer of 1871, and were freely discussed. An opportunity was given for all persons interested to be heard before the Board of Mayor and Aldermen, and many citizens availed themselves of the opportunity.

Being desirous of knowing the will of the people, the Board caused a public meeting to be held at the Court House on the 20th day of September, 1871. The attendance was large, and all who desired, freely spoke their minds.

The result of all these discussions, was a conviction in the minds of the members of the City Councils, that the public sentiment was strongly in favor of granting municipal aid to the P. & D. R. R., but that the plan as set forth in the joint resolutions failed to receive the hearty concurrence of citizens and tax-payers which would warrant its adoption. The resolutions were not passed.

On the first day of June, A. D. 1872, the Directors of the Road made a contract with the Eastern Railroad Co. in New Hampshire, ratified by the Eastern Railroad Co. in Massachusetts, by which the Eastern R. R. Co. is pledged to the payment of semi-annual dividends of three per cent. on the capital stock of the Portsmouth & Dover R. R., and also one-half of the net earnings of the road over and above that amount, from the time the road shall be completed, and to allow all accruing interest on money paid for said stock up to the time of the completion of the road to be added to the cost of construction.

This plan received general favor, and on the 18th of July, A. D. 1872, the City Councils directed the Mayor to subscribe in the name of the city for stock of the Portsmouth & Dover R. R. not exceeding three thousand shares

of one hundred dollars each, and also authorized the issue of city bonds to an amount not exceeding \$300,000, bearing interest at the rate of 6 per cent. per annum. The Mayor, in pursuance of the vote of the Councils, subscribed in the name of the city for 3000 shares of the stock, and city bonds to an equal amount have been issued, and taken by the Portsmouth Trust & Guarantee Company at par, and the amount receipted for to the city by the Treasurer of the P. & D. R. R. Co.

The subscription of the city of Dover, to the amount of \$225,000, has also been paid in full. The individual subscriptions to the stock of the road amount to \$96,500, on all of which the assessments called for have been paid. Contracts have been made for the building of the road a little under the engineer's estimate of the cost. The contractors have been busy all winter, and the work will be pushed vigorously to its consummation during the coming summer. It is confidently expected that cars will be running between the two cities before the close of the present year.

The building of this road will help develop the resources and encourage the business enterprise of this city. The action of the City Councils in aid of the road is considered a safe and legitimate operation, and there are no apprehensions that any burden will fall upon the city in consequence.

THE POLICE FORCE

was organized last year by the appointment of one City Marshal, two Assistant Marshals, six night watchmen, and three supernumeraries. The night police complain that the pay they receive is not sufficient compensation for the arduous duties they perform. The number might be reduced from six to four, and pay raised without detriment to the interest of the city. With the vigilant and faithful bank watchmen on duty out of doors every night, and all night, and one Assistant Marshal at the station house, the business portion of the city is well protected. Four resolute men can guard the rest of the city as well as it has ever been done. You are authorized by the provisions

of the city charter, and by the General Statutes of the State, to enact laws and regulations for the government of the police.

It is the duty of the Mayor, as chief executive officer, having all the powers of sheriff and conservator of the peace, to cause the laws and regulations of the city to be executed and enforced, to exercise a general supervision over the conduct of all subordinate officers, and cause their violation or neglect of duty to be punished. In order to perform his duty thoroughly, and maintain the dignity and authority of the office, the Mayor, should have absolute power to discharge all disobedient, inefficient, or corrupt officers. Let the aldermen appoint good men, and submit them to the control of the Mayor, and he will have the power to maintain discipline, without which a police force is worse than useless. When it is known that the Mayor has the power and disposition to discharge all unfaithful officers, and that he will be supported in so doing by the Board of Aldermen, there will seldom be any need of discharging an officer, and the department will be rendered doubly efficient.

We have a law-abiding and peaceable population, and a small, well-disciplined, well-paid police force will be amply adequate to maintain order, and enforce obedience to the laws and ordinances.

STREETS, ROADS AND BRIDGES.

There was expended during the year ending Dec. 31, 1872: On streets, \$9334.86; repairs of bridges, \$869.31; roads out of compact part of city, \$1981.45; sidewalks, \$695.99; sewers, \$1369.50.

The aggregate amount of expenditures on account of the street department have exceeded the appropriation \$1,369.43. The great distance which gravel has to be hauled for use on the streets, makes it necessary to employ more men and horses than will be required if suitable material can be obtained near where the work has to be done. The general condition of our streets and roads is comparatively good, and gradually improving. Crushed stone

has proved a success wherever it has been used for repairs; it makes a dry, even and durable road-bed, its permanent character rendering it safe and economical.

The stone crusher is now located on South Street, by the side of a ledge, from which sufficient material can be obtained for several years' supply.

The good condition of our streets and sidewalks is a matter of pride to our citizens and is the result of a judicious system, or plan of operation, which has been gradually developing for years, and should be adhered to and perfected. The street commissioner has to exercise great discretion in the performance of his work, and should have your hearty co-operation.

THE FIRE DEPARTMENT,

during five years of my connection with the city government, has steadily gained in completeness of equipment and efficiency in service. We have the best apparatus for fighting fire that the skill of man has yet devised. The officers and men of the several companies are brave, prompt, know their business and do it well. A bill to re-organize the Department, to decrease the number, and increase the pay of the members, passed the late Board of Aldermen, but was defeated in the Common Council.

Our firemen rendered valuable service in assisting to check the great fire in Boston last November. They fought desperately to save the Old South Church, and won an enviable reputation.

Energetic measures must be taken to obtain a sufficient supply of water for use in case of fires. Two reservoirs built last year on a new plan proved successful.

OUR SCHOOLS

are numerous and well attended, and compare favorably with those of other cities. They are under the management of committees chosen from the several wards of the city, who act independently of the City Councils in the appointment of teachers and government of the schools. It is our duty to provide school-houses, and keep them in re-

pair, also to make an appropriation of money to pay the expenses of the department.

THE HEALTH COMMITTEE

have been active and prompt in the performance of their duties. We are indebted to their vigilance for our comparative exemption from the ravages of the small pox which has afflicted so many of our sister cities. Notwithstanding the unusual prevalence and malignity of the disease, only three of our citizens have died of it under the care of our efficient city physician. A hospital for the treatment of the small-pox, now so prevalent, is imperatively demanded. The cost of a building suitably located will be small, compared with the expense of maintaining private hospitals in the houses visited by contagious diseases. The marine hospital on Pest island is almost inaccessible in winter.

ALMSHOUSE AND CITY FARM.

Extensive repairs and improvements were made on the almshouse and farm buildings last year. A new and convenient stable was built for the accommodation of the valuable farm horses. A shed for the shelter of the heavy carts and wagons of various kinds is needed, to make the farm complete in all of its appointments. Under the skillful superintendence of Mr. Haven L. Scott, the farm is in a high state of cultivation; the walls, fences, tools and buildings are kept in good condition; the animals are well treated and carefully managed. The "house" is indeed a "home" to the poor people, who live there under the guardianship of the city and the immediate care of the Master and Matron of the institution. Mr. Scott and his wife are admirably adapted to the positions they occupy, and are indeed father and mother to the family entrusted to their care. A detailed statement of the receipts and expenditures of this and other departments is given in the printed "city accounts."

THE CITY CLERK

fills an office of great responsibility, the duties of which require constant and diligent labor and the exercise of

sound judgment. All the requisite qualities are possessed by Hon. Marcellus Bufford, who has held the position for many years. The admirable method with which our city accounts and records are kept attest his faithfulness to the trust.

THE ARSENAL.

In the year 1809, the Town of Portsmouth conveyed the land upon which the Arsenal stands to the United States Government, to hold as long as the building should be used for military purposes. Its use as an Arsenal having been long discontinued, the city has taken possession of it for conditions broken.

ON THE FOURTH OF JULY

the absent Sons and Daughters of Portsmouth will come home to celebrate the ninety-seventh anniversary of the nation's birthday, in their own native city, where a hearty welcome awaits them.

The "City Fathers" will be required to aid in the preparations, and join in the festivities of the joyful occasion. It is expected you will make an appropriation of money to enable you to help the committee of citizens who have taken the matter in charge. The contribution of the city should be appropriated to certain specific purposes previously agreed upon, and applied by a properly appointed committee of the City Councils, to the carrying out of that part of the programme which the city shall assume the responsibility of arranging.

It should be understood that no person, or persons, but the duly authorized officers can have power to expend the public funds, or create bills against the city. Otherwise there would be no limit to the number or amount of claims presented for allowance. The arrangements for the proper reception of the "Sons" will require time and money for their completion. A moderate sum judiciously expended will add to the pleasures and enjoyments of the day, more than a large amount extravagantly used. We must be liberal yet prudent, in our management of this, and all other matters of public interest.

THE CITY OF DOVER

has invited our city to join in the celebration of the 250th anniversary of the settlement of both places, some time next fall. The Board of Alderman referred the invitation to the new city government.

IN CONCLUSION,

let me express the hope that harmony and concert of action may prevail in the City Councils, and that we may do our work wisely and well.

CITY ORGANIZATION.

1873--4.

MAYOR, THOMAS E. O. MARVIN.

Ward 1, Ward 2. Ward 3.

Police.

Justice of the Police Court—Calvin Page.

Special Justice—Marcellus Bufford.

City Solicitor—William H. Hackett.

City Marshal—Frank B. Johnson.

Assistant Marshals—Thomas Entwistle, Charles A. Shannon.

Watchmen, Constables and Police Officers—Richard Davidson, Thomas E. Rand, C. Wesley Rand, J. Sullivan Rand, George J. Fernald, Henry Wallace.

Supernumerary Watchmen—William F. Batten, Thomas R. Moore, Edwin Underhill, Stephen Marden, Reuben Rand.

Other City Officers.

Treasurer and Collector—Charles A. Shannon.

Street Commissioner—William F. Ham.

City Physician—

Board of Health—Charles A. Norton, Robert Shillaber.

Chief Engineer—Stephen L. Marston.

Assistant Engineers—Matthew T. Betton, Frank W. Ham, James A. Waterhouse, Hiram C. Locke.

Clerk of the Fire Department—Willis L. Hidden.

Superintendent of the Almshouse, &c.—Haven L. Scott.

Surveyors of Highways—Allen Greenough, Stephen Marden, James S. Seavey.

Lamp Lighter—Foxwell C. Staples.

Lot Layer—

Sealer of Weights and Measures—John P. Sweetser.

Pound Keeper—Robert Shillaber.

Keeper of Powder Magazine—Charles Robinson.

Harbor Master—Floron Barri.

Port Wardens—Floron Barri, George T. Vaughan.

Measurers of Wood—William Bodge, Jeremiah D. Goodrich, Joseph Spinney, Robert Roberts, George Wingate, Frederick W. Rogers, Geo. T. Ingraham, Jr.

Surveyors of Lumber—Benjamin M. Parker, William Bodge, George Wingate, Richard T. Call, Daniel Littlefield, Jeremiah D. Goodrich, Charles W. Stimson, George T. Ingraham, Jr.

Weighers—Robert Roberts, Elias Ayers.

Inspector of Flour—Charles Robinson.

Fence Viewers—

Inspectors of Petroleum and its products—J. Horace Kent, Charles W. Gardner.

ANNUAL REPORT
OF THE
CITY MARSHAL,
For the year 1873.

To the Hon. Board of Mayor and Aldermen :

GENTLEMEN:—I respectfully make the following report of the number of persons arrested and lodged, and the cause of the arrests, for the year 1873:

Assaults, 64; Arrested on Suspicion, 15; Breaking and Entering, 2; Brawl and Tumult, 41, Bastardy, 1; Cruelty to Animals, 5; Common Drunkards, 24; Committing Rape, 1; Card Playing, 1; Drunk, 702; Disobedience, 13; Deserters, 8; Exposure of person, 1; Forgery, 1; False Pretence, 1; Fornication, 1; Fast Driving, 3; Giving away Liquor, 1; Incendiary, 1; Insanity 1; Indecent Assault, 1; Keeping Disorderly House, 2; Keeping open Sunday, 1; Larceny, 26; Malicious Mischief, 6; Murder, 1; Profane Language, 4; Playing Ball, 4; Robbery, 3; Swindler, 1; Safe Keeping, 3; Selling Liquor, 4; Sliding on Sidewalk, 2; U. S. Deserters, 21; Vagrants, 5; Violation of City Ordinance, 6; Violating Genl. Statutes, Chapter 99, 2. Total, 982.

Eight hundred and fifty-eight persons have been lodged in the Station House during the year.

There has been collected in payment of fines and costs during the year the sum of \$1848 27.

There has been collected during the year the sum of \$34 00 for Dog Licenses. All the above sums have been accounted for in my quarterly reports and have been paid to the City Treasurer and receipts deposited in the City Clerk's office.

Respectfully submitted,

FRANK B. JOHNSON, CITY MARSHAL.

Portsmouth, N. H., Dec. 31, 1873.

ANNUAL REPORT
OF THE
CHIEF ENGINEER OF THE FIRE DEPARTMENT,
For the year 1873.

To his Honor the Mayor and City Councils :

GENTLEMEN :—In compliance with the ordinance defining the duties of Chief Engineer, I herewith present my fourth annual report of the condition of the Fire Department, the amount of money expended since April 1st, 1873, a list of fires which have occurred during the past year, the amount of property belonging to the City under my charge, and a list of reservoirs, wells and hydrants, with their location.

The amount of money that has been spent by direction of the Engineers, is \$4,947 48 ; of which \$2,818 75 was for the salaries of the members of the Department.

Steamers 1, 2 and 3 are in good working order ; a few repairs have been made on them the past year.

The Hook and Ladder Carriage and all its apparatus are in good order, with one exception—it needs painting.

The Extinguishers Nos. 5 and 6 are in good order, and have rendered valuable service in several instances.

Our Horse Hose Carriage and the Supply Wagon are in good order.

Among the improvements, a brick floor with granite track has been laid in engine house No. 2, and it gives entire satisfaction. I would recommend the same kind of a floor for Nos. 1 and 3's houses.

The hand Engines are kept in reserve at the Arsenal building on South street, and are in good condition.

The Reservoirs are in good condition.

I would respectfully call your attention to the need of the following articles for the benefit of the Fire Department, several of which I have already recommended.

An alarm bell is much needed on the Cabot street School house.

A suitable house for the Hook & Ladder truck is very much needed, as the present house is in a bad locality, and consequently much time is lost while waiting for sufficient force to haul it up the hill into the street.

I have the past year oiled the hose on the inside by means of Noyes' Patent Engine Hose Oiler and his Castor Oil Hose Dressing. As I consider this the best way to oil hose, I would recommend that the City buy one of Noyes' Oilers.

I would also recommend the buying of three Automatic Puppet Relief Valves (invented by John E. Prunty, of Baltimore, Md.) for the steamers; they would prove beneficial to us, as it gives to the hosemen in charge of the pipe entire control of the water, thereby saving a large amount of property that would otherwise be damaged by water.

I would recommend that a company of 10 men, with the pay of 50 cents per hour while on duty, with power of Police Officers, be appointed by the Aldermen; the men to attend all fires, and to be under the direction of the Chief Engineer. They are much needed to prevent the firemen from being obstructed by outsiders.

The manual force of the Department has been carefully reorganized and reduced during the past year. By this means the department is more easily managed, and the increase of pay has proved to the members that their labors are appreciated by you.

In conclusion I take this opportunity to express my sincere thanks to his Honor the Mayor and members of the City Government, more especially to the Committee on Fire Department, for their earnest and active efforts to promote the interest and efficiency of the Department; to the Board of Engineers, for the prompt and faithful manner

in which they have discharged their duties; also to the officers and members of the several companies who have been and are always ready and willing; and I trust that our citizens will appreciate their efforts.

Respectfully submitted.

STEPHEN L. MARSTON,

Chief Engineer P. F. D.

REPORT
OF THE
STREET COMMISSIONER
For the Construction of Sidewalks,
For the year 1873.

To the Hon. Mayor and Aldermen :

GENTLEMEN:—There has been expended by me, on account of laying and repairing sidewalks during the past year, the sum of \$1543 73, as follows :

29,950 bricks,	353 05	
653 8-12 feet edge stone,	410 68	
Gutter stone,	7 46	
Sand,	119 25	
Labor,	623 32	
Teaming,	29 97	
	<hr/>	1543 73

Bricks on hand Jan. 1, 1873,	10,175
“ bought during the year,	29,950

	<hr/>	40,125
“ used during the year,	31,575	

“ on hand Dec. 31, 1873,	8,550
--------------------------	-------

I have collected and paid to the City Treasurer the sum of \$723 06.

Respectfully submitted.

WILLIAM F. HAM,
Street Commissioner.

December 31, 1873.

REPORT
OF THE
SCHOOL COMMITTEE
OF THE
City of Portsmouth
FOR THE YEAR
1873.

PRINTED BY ORDER OF THE MAYOR AND ALDERMEN.

PORTSMOUTH :
PORTSMOUTH JOURNAL STEAM PRINTING OFFICE.
1874.

REPORT
OF THE
SCHOOL COMMITTEE,
FOR THE YEAR 1873.

To the Honorable Mayor and Aldermen :

GENTLEMEN:—The record of the Schools of our City for the past year, may be said to be of marked interest and importance.

It is hoped by your Committee that the changes that have been made during the year, and the new regulations which have been adopted will prove permanent improvements, forwarding the great object which they have had in view, i. e.—that of establishing such a uniform system of gradation throughout the City, in the Primary, Intermediate and Grammar Schools, as shall best secure the greatest *thoroughness* at every stage of the pupil's progress.

It is gratifying to report that the examinations made by your Committee from time to time, and their observations of the effect of these regulations upon the School, have brought already cheering evidence of the excellence of the system, and of its practical value to every pupil attending the earlier schools. The School Buildings are in good order and condition, but it would facilitate the more perfect working of the gradation plan if the Schools in each ward could be holden under one roof of a building large enough to accommodate the Primary, Intermediate and Grammar Schools, all being under the immediate supervision of the masters of the Grammar Schools. The want of this in some of the wards renders the system less effective and convenient than it is designed to be.

During the year your Committee have employed Mr. Montgomery as teacher of writing in all the lower schools. It is found that the present Spencerian system of teaching this branch is admirably adapted to the youngest pupil of the Primary School as well as to those of the more advanced classes. The specimens of writing from a large number of the scholars speak loudly in favor of the system and of its competent teacher.

Your Committee have felt the importance of introducing the study of music, from its simplest elements, into our Common Schools. They have fortunately found, in Miss Franklin, a teacher possessing the necessary qualifications in this department in an eminent degree.

The wonderful improvement which has been made by the pupils in the few months during which they have been under this instruction, has forcibly impressed not only your Committee, but many of the parents and friends of the pupils, with the excellence of the plan of teaching adopted, and the great energy, tact and ability of the Teacher.

The monthly meetings of the Teachers have, with some interruptions from bad weather, been held regularly with a good attendance. These meetings are held for the purpose of discussing or illustrating with a view to adoption, the most approved methods of imparting Common School instruction, as well as for the discussion of any other subject relating to the improvement and advancement of our public schools.

Some of the essays upon these practical subjects, which have been read at these meetings, have been full of excellence and good sense, reflecting credit upon the writers and giving sound advice to the assembled teachers.

Under the present system of uniformity of books and studies in each grade throughout the city, a wholesome rivalry is established among the schools, which tends to maintain a lively interest, both with the children and the teachers, in their work.

The statistics of the Schools, and the course of study adopted by the masters of the several wards of the city, are herewith appended in detail.

HIGH SCHOOL.

In the High School some changes have been made during the past year.

In accordance with the act of the Legislature, permitting the two branches of the school to be united under one Principal, the Boys' High School and the Girls' High School have been placed under the supervision of Mr. Aurin M. Payson, with Mr. Stephen W. Clark and Miss A. C. Morgan as Assistants; the latter having recently resigned, the vacancy caused thereby is now temporarily filled, and the High School Committee expect soon to place a thoroughly accomplished teacher in this important position permanently.

The schools occupy separate rooms as before, but many of the classes of the boys and girls, pursuing the same studies, recite together. It is found that this plan of uniting in recitation gives rise to a desirable emulation in the pursuit of their studies.

Some changes have been made in the course of study at the High School, the one at present adopted is given herewith.

Respectfully yours,

J. P. BARTLETT,

Chairman of the School Committee and of the High School Committee.

Portsmouth, Jan. 31, 1874.

REGULATIONS

FOR THE

PUBLIC SCHOOLS OF PORTSMOUTH.

May 1, 1873.

SCHOOL GRADES.

The schools in this city shall be classed and divided as follows :

High, Ungraded, Grammar, Intermediate, and Primary schools; the last three of which shall consist of two divisions each, and shall be called the 1st, 2nd, 3rd, 4th, 5th and 6th divisions, respectively. Each division shall have two classes and may be allowed two years to complete its work.

DUTIES OF THE MASTER.

1. The Master of the 1st division in each Ward, shall act as a supervisor of the divisions above mentioned.

2. He shall make such regulations for the discipline and government of the several divisions as he may deem proper, subject to the approval of the Committee.

3. He shall mark out the course of study and the limits of instruction in every branch for the several divisions and classes, which shall be uniform throughout the city.

4. He shall secure uniformity in methods of instruction as far as practicable or useful, and see that no text books are used in school except such as are prescribed by the Committee.

5. He shall see by frequent examinations, that the regulations are carried into effect, and that the instruction is efficient and thorough.

6. He shall have charge of and be responsible for the order in the school-yards and outbuildings.

7. He shall have power to suspend any pupil who may be guilty of a flagrant breach of the law, such as truancy, or rebellion, in any division under his charge, until such pupil shall be reinstated or expelled from school by the Committee.

8. Pupils desiring to be admitted to any of the above mentioned schools, shall, after obtaining a permit from the chairman of sub-committee, be sent by him directly to the Master who shall examine and place them in the proper grade.

9. The annual examinations for promotions shall be made by him. Promotions may be made at any time with consent of the chairman of sub-committee, when such action is deemed expedient by the Master.

10. He shall devote at least one hour in every school-day to examining the condition and progress of the several divisions and classes under his charge.

11. He shall have a book, furnished by the Committee and open at any time for inspection by them, in which shall be kept a record showing the whole number and average number in each division, also the average daily attendance and percentage of daily attendance for each month, together with such other information relating to the several schools as the Committee may wish to have recorded.

12. He shall, on the first of every month, report to the chairman of sub-committee, in writing, a summary of the above named record.

13. All work on reports or the filling up of blanks, shall be done out of school hours.

14. He shall appoint stated or occasional meetings of the sub-teachers for the purpose of consultation, or for instructing, advising or aiding them in their various duties in the school-room.

TEACHERS' MEETINGS.

1. The several Masters and sub-teachers working under the Divisional System, shall meet together at one place in the city, at least one hour during each month, except July and August, for the purpose of discussing or illustrating (with a view to adopting in their schools) the most approved methods of imparting common school instruction,

also for discussing any other subject relating to the improvement and advancement of our public schools which may be presented.

2. All teachers and members of the School Committee may participate in said meetings; but only the above mentioned Masters and sub-teachers shall be considered members and allowed to vote.

3. The Officers at these meetings shall be a President and a Secretary.

4. The Chairman of the School Committee shall be President.

5. The Secretary shall notify each member of the time and place of every meeting, shall keep a brief record of the proceedings thereof, also a record of the attendance, of each member, or of their excuse for non-attendance, together with any other matters of importance connected with said meetings.

6. Absence of any member from these meetings without a satisfactory excuse in writing, will be regarded by the Committee the same as absence from school during school hours.

7. The Secretary after completing the monthly record shall deliver it to the President for inspection by the Committee.

GENERAL REGULATIONS.

1. Those children only who have been vaccinated and who are upwards of five years of age, shall be allowed to attend the Public Schools. And no pupil shall be admitted to any school without a written permit from the chairman of the sub-committee having charge of that school.

2. All the school-rooms shall be opened and the teachers present at least ten minutes before the time for the session to begin, both morning and afternoon. The scholars shall be in their seats and the teacher open the services precisely at the prescribed hours, and no pupil shall be allowed to enter school during the opening exercises.

3. All the schools will be required to keep the same number of hours during the week.

The hour of commencement in all schools except the 1st Division, shall be nine A. M. and two P. M. The sessions to be continued till twelve, M., and till five P. M., except during the months of October, November, December,

January and February, when they will close at 4 o'clock P. M.

The sessions of the first (Master's Division) shall commence at 8:30 A. M. and 2 P. M. and continue till 12 M. and 3 P. M. during the five months above mentioned, and during the remaining six months, the morning session shall commence at 8, and the afternoon session shall close at 3:30.

4. In each school there shall be, daily, an exercise in vocal music and some gymnastic exercises; and each school shall have such recesses as may be deemed expedient by the principal teacher of the school; but such recesses shall not occupy more than twenty minutes to each session, including the time of going out and coming in; and during school hours no pupil shall be allowed to go beyond the limits of the school ground, without special permission of the teacher.

5. It is recommended to each teacher to give frequent and thorough reviews of the subjects taught, with exercises and illustrations aside from the text-books.

6. No books shall be used nor studies pursued in any school, except the same shall have been ordered by the Committee.

7. A register shall be kept in every school, in which shall be recorded the names, ages, date of admission, half-daily absence, tardiness, and dismissals of the scholars. Each recitation shall be marked on a uniform scale; deductions shall be made for imperfect lessons, and the balance, at the end of each month, will determine the rank.

8. A written excuse shall be required for each absence or tardiness, from the parent or guardian of the pupil. Every pupil, in order to obtain a dismissal before the close of the session, must bring a sufficient excuse therefor in writing, and obtain the consent of the teacher at the opening of the session, and a separate excuse will be required for each dismissal.

9. And in case any pupil be absent or tardy more than one quarter of the school days of one term, such pupil may be degraded to a lower class.

10. Each school shall be daily opened with the reading of a portion of the Holy Scriptures, to be followed by the Lord's Prayer, or an extempore prayer by the teacher.

11. When any scholar has been absent ten half-days or more within a month, or has become unnecessarily irregular in attendance, played truant, or in any respect behaved in a disorderly manner, after reasonable admonition and correction, the teacher shall report such pupil to the Committee, and the pupil shall not be again admitted to any public school in the city, without a written order from the chairman of the sub-committee that have the charge of the school.

12. The general examination of schools by the Committee will immediately precede the close of the Winter term, and the annual examinations of pupils by the Master, for promotion, will be during the last week of the Spring term.

13. Teachers shall be allowed one half-day in each term, to visit other schools, for the purpose of observation and comparison, after making arrangements satisfactory to the Master and chairman of sub-committee.

14. The order of exercises of every division shall be given to the Master, and by him to the chairman of the General Committee during the first week of every term, and as often thereafter as it may be changed.

15. Teachers shall give their PERSONAL attention to the preservation of order in the entries and on the stairs, when pupils are filing in and out at the opening and closing of the school and at recesses.

16. No playing shall be allowed in any school-building.

17. No advertisement shall be read or distributed in any school, nor shall any public entertainment be announced without special permission from the Committee.

18. Every school-room shall be furnished with a thermometer and the temperature kept as near 68 degrees as practicable.

19. Any pupil who shall cut, or otherwise injure any school-house, or injure any fences, trees or out-buildings belonging to the school grounds, or shall write any profane or obscene language, or make any obscene pictures or characters on any school premises, shall be liable to suspension or expulsion.

20. Whenever a teacher is obliged to close his or her school, immediate notice shall be given to the Master, who may furnish a substitute for one day only.

21. Every pupil, on leaving school, shall obtain a discharge therefrom in writing, which shall be given by the principal teacher when the reasons for leaving are satisfactory; and no pupil leaving any school in the city shall be allowed to become a member of any other public school, without first presenting such discharge, or by order of the General Committee.

22. No child shall be allowed to attend any public school unless cleanly in person.

23. The qualifications necessary for admission to the Intermediate schools are, that the pupil shall be able to read fluently in Hillard's Second and Third Readers; to spell words occurring in their daily lessons, and other familiar words; recite the addition and multiplication tables perfectly; to write figures plainly; to add two columns of figures not exceeding six in length; to be familiar with the Roman numerals, and to multiply and divide by one figure.

24. The qualifications necessary for admission to the Grammar Schools, are, to be well prepared in Greenleaf's Arithmetic as far as Decimal Fractions; to add the column of figures on the Combination Card; to read distinctly; to spell in Town and Holbrook's Speller as far as page 73; to write legibly, and to complete Guyot's Elementary Geography.

TERMS AND VACATIONS.

The school-year shall be divided into three terms.

1. The Fall Term shall commence on the Monday nearest September 1st, and close the Saturday before Christmas.

VACATION TWO WEEKS.

2. The Winter term shall commence on the next Monday after January 1st, and continue fourteen weeks.

VACATION TWO WEEKS.

3. The Spring term shall close on the Saturday nearest July 15th.

VACATION.

4. The above shall include all of the regular Vacations except Thanksgiving, Washington's Birth-day, Fast Day and Fourth of July.

BOOKS USED :

Hillard's Readers, Town & Holbrook's Progressive Speller, Greenleaf's Arithmetics, Guyot's Geographies, Campbell's Concise History United States, Goold Brown's First Lines in Grammar, Cutter's First Book in Physiology, and Spencerian System of Penmanship, New Series.

A copy of these regulations shall be kept in every school-room, and the teachers shall make themselves familiar with them, and see that they are faithfully observed.

BY ORDER SCHOOL COMMITTEE.

Candidates for the High Schools are required to write a fair hand ; to make figures plainly ; to understand the rules for the use of capital letters and punctuation marks ; to spell geographical and other names occurring in their examination papers, correctly ; and to pass a good examination in reading, spelling and geography, with some knowledge of map-drawing ; to parse common sentences correctly ; to be well acquainted with the principles of arithmetic as far as and including Cube Root, in Greenleaf's New Practical Arithmetic, but omitting Duodecimals ; to understand the leading points in the History of the United States, and to complete Cutter's First Book on Physiology.

All teachers offering scholars are requested to send with them statistics showing their standing as regards STUDIES and DEPARTMENT, from the day they entered their schools.

Each candidate must bring a certificate of his vaccination, and of the residence of his parents, and come provided with a slate or paper and pencil.

BY ORDER HIGH SCHOOL COMMITTEE.

COURSE OF STUDY,

From Sept. to Feb'y,

IN

Portsmouth High School--1873 & '74.

Hours.

9.00	Geometry, 2d Class.	Surveying, 4th Class.	Latin Lessons, 1st Class.
10.05	Astronomy, 4th "	Algebra, 1st "	Chemistry, 3d "
10.50	Eng. Gram'r, 3d "	Nat'l Phil'y, 2d "	Physical Geog. 1st "
12.00	Virgil, 4th "	Cæsar, 3d "	Latin Reader, 2d "
"	Moral Phil'y, 4th "	Greek Lessons.	French, 4th "
"	Miscellaneous, " "		

Wednesdays and Saturdays.

Eng. Gram. 2d Class.	Reading, 3d Class.	Reading, 1st Class.
Rhetoric, 4th "	Rhetoric, 3d "	Reading, 2d "
Reading, 4th "	Arithmetic, 1st "	French, 3d "
Compositions, 4th "	Algebra, 2d "	Rehearsals.
Declamation.		

From February to July, 1874.

9.00	Geometry, 2d Class.	Intel. Philosophy.	Nat'l Philos. 1st Class.
10.05	Const. U. S., 4th "	" " 3d Class.	Chemistry, 2d "
10.50	Book Keeping, 3d "	Greek Les., &c. " "	Latin Les., 1st "
12.00	Latin (Virgil) 4th "	Algebra, 1st "	Latin Reader, 2d "
"	Miscellaneous.	Latin (Cæsar) 3d "	French, 4th "

Wednesdays and Saturdays.

Eng. Gram., 2d Class.	Reading, 3d Class.	Reading, 1st Class.
Rhetoric, 4th "	Rhetoric, 3d "	Reading, 2d "
Reading, 4th "	Algebra, 2d "	Rehearsals,
Moral Philos. 4th "	Arithmetic, 1st "	French, 3d "
Miscellaneous.		

Declamation, Compositions, Rehearsals and Gymnastics, are general Exercises for the School.

COURSE OF STUDY IN DIVISIONAL SCHOOLS.

In accordance with the regulations, the following COURSE OF STUDY was drawn up and adopted October, 1873, by the Masters of the Schools in the several Wards of the City of Portsmouth.

CHARLES E. BUZZELL,	<i>Ward 1.</i>
JOHN DURGIN,	" 2.
CHANNING FOLSOM,	" 3.

SIXTH DIVISION.

SECOND CLASS.

Reading.—Names of letters and words, learned from charts. 1st Reader begun.

Spelling.—Spell words on charts, and from all reading lessons.

Arithmetic.—Count to 50 by 1s, 2s and 5s. Ideas of counting and combining numbers to be developed by the use of the numeral frame.

Give thorough drill in writing Arabic numerals on slate and black board.

FIRST CLASS.

Reading.—1st Reader Completed. 2nd Reader to Lesson 37th, Page 60. Questions on the *meaning* of all reading lessons. Names, forms, and uses of all punctuation marks, occurring in reading lessons.

Spelling.—Words from all reading lessons; names of objects in and about the school room; names of other common and familiar objects.

Arithmetic.—Count to 100 by 1s, 2s, 3s, 4s and 5s, Roman notation to XL. Write and read numbers from 1 to 100. Addition tables, and Multiplication tables to 6 x 12, as found on Hoyt's Combination Card.

Writing.—Frequent exercises in printing letters and words on slate and black board.

FIRST AND SECOND CLASSES.

Oral Instruction.—Good morals, politeness, cleanliness of person and dress. Form, size, color. Pupils should be taught by frequent conversations on common objects to express their ideas freely.

Music—Gymnastics.—Vocal music; and free gymnastics for the upper parts of the body, every session.

Directions.—Pupils should at no time be allowed to sit idle for lack of employment. Recitations should be short and varied. No exercises should exceed 20 minutes in length—15 minutes preferable.

FIFTH DIVISION.

SECOND CLASS.

Reading.—2nd Reader completed. Questions on the *meaning* of all reading lessons. Names, forms, and uses of all punctuation marks. Daily exercise on the sounds of vowels.

Spelling.—Pupils to spell words occurring in reading lessons; their own names; names of city, county and state; days of the week and months of the year; other common words.

Arithmetic.—Count by 2s, 3s, 4s, 5s, 6s to 100 and back. Write and read all numbers from 1 to 10,000. Addition, Subtraction, and Multiplication tables as found on Hoyt's Combination Card. Roman notation to C, both oral and written. Frequent exercises in adding and subtracting small numbers mentally. Add columns of figures six in length. Multiply by one figure.

FIRST CLASS.

Reading.—3d Reader to Lesson 40, Page 104. Questions on *meaning* of all reading lessons; punctuation marks; sounds of vowels and consonants.

Spelling.—Review Spelling of the 2nd class; spell from all reading lessons; names of N. E. States, and their capitals and chief cities; counties, cities, and principal rivers in New Hampshire.

Arithmetic.—Count by 2s, 3s—10s to 100 and back. Write and read all numbers below 1,000,000,000. All tables on Combination Card. Frequent exercises in combining small numbers. Addition, Subtraction, Multiplication by two figures; division by one figure.

FIRST AND SECOND CLASSES.

Writing.—Give frequent exercises in printing capital and small letters; holding the pencil in proper writing position. Spencerian Tracing Book.

Oral Instruction.—Oral instruction in Geography with respect to the form and motions of the Earth, the points of compass, etc. Special attention should be given to the geography of our own city and state. Time by the clock; divisions of time; colors; form, etc. Child's Book of Nature, Part 1st. Other instruction as in the 6th Division.

Music—Gymnastics.—Vocal music; and free gymnastics for the upper parts of the body, every session.

No pupil should be allowed to sit idle for lack of work. Recitations and exercises should be *short* and *varied*.

FOURTH DIVISION.

SECOND CLASS.

Reading.—3rd Reader, from Lesson 40th. Questions on the *meaning* of all reading lessons. Names, forms and uses of punctuation marks. Frequent exercises on the sounds of the vowels and consonants.

Spelling.—Speller to Part 2nd, Page 34th. Words occurring in lessons from all text-books used. Common and familiar words.

Arithmetic.—Count by 2s, 3s, 4s—10s to 100 and back. All tables on Combination Card. Frequent mental exercises in combining small numbers. Intellectual Arithmetic to Lesson 13th, Page 30th. Write and read all numbers to quintillions. Addition, Subtraction, Multiplication, Division by three figures—text-book to be commenced with the Winter Term.

Geography.—Elementary Geography to Section 2nd, Page 30th; counties of New Hampshire; location and boundaries of our own city.

FIRST CLASS.

Reading.—4th Reader to Lesson 36th, Page 126th. Review other work of 2nd class.

Spelling.—Speller to Chapter 11th, Page 53d. Other work as in 2nd class.

Arithmetic.—Review all work of 2nd class. Intellectual Arithmetic to Lesson 18th, Page 46. Practical Arithmetic to Art. 80th, Page 65th.

Geography.—Review work of 2nd class. Elementary Geography to Part 3d, Page 55th.

FIRST AND SECOND CLASSES.

Writing.—Writing Books, Nos. 1 and 2.

Oral Instruction.—Lines, Angles, Plane Figures. Objects, Trades, Occupations. Child's Book of Nature, Part 2nd. Other instruction as in 6th Division.

Music—Gymnastics.—Vocal music; and free gymnastics for the upper part of the body, every session.

Recitations and exercises should be short and varied.

THIRD DIVISION.

SECOND CLASS.

Reading.—4th Reader, from Page 126th. Questions on the *meaning* of all reading lessons. Names, forms, and uses of punctuation marks. Frequent practice on the sounds of the vowels and consonants.

Spelling.—Speller to Chapter 18th, Page 72nd. Words occurring in lessons from all text-books used: *Special* attention to be given to the spelling of *common* geographical names, as states, territories, capitals, etc. Other common and familiar words.

Arithmetic.—Count by 2s, 3s—10s to 100 and back. Review *all tables frequently*. Frequent mental exercises in combining small numbers. Intellectual Arithmetic to Lesson 31st, Page 85th, omitting Lessons 19th, 20th, 21st, 22nd, 23rd, 24th. Practical Arithmetic to Art. 157th, Page 109th. Give frequent exercises in notation and numeration, and under the four fundamental rules.

Geography.—Elementary Geography to Page 81st. Particular attention to be given to the geography of our own city, county, and state.

FIRST CLASS.

Reading.—Intermediate Reader, Lesson 39th, Page 137th. Other work as in 2nd class.

Spelling.—Speller to Chapter 26th, Page 84th. Other work as in 2nd class.

Arithmetic.—Intellectual Arithmetic to Lesson 34th, Page 93rd, omitting as directed in 2nd class. Practical Arithmetic to Art. 175th, Page 127th. For other work, see directions for 2nd class.

Geography.—Elementary Geography to be completed and *thoroughly reviewed*.

FIRST AND SECOND CLASSES.

Writing.—Writing Books, Nos. 2 and 3.

Oral Instruction.—National Flag; abbreviations as given in the speller; Qualities and uses of familiar objects. Child's Book of Nature, Part 3rd. Other oral instruction as in 6th Division.

Music—Gymnastics.—Vocal music; and free gymnastics for the upper parts of body, every session.

SECOND DIVISION.

SECOND CLASS.

Reading.—Intermediate Reader completed. Questions on the *meaning* of all reading lessons. Punctuation marks, Sounds of vowels and consonants.

Spelling.—Speller to Chapter 33rd, Page 98th. Words occurring in lessons from all text-books used. *Special* attention to be given to the spelling of geographical names. Other common words.

Arithmetic.—Thorough review of all tables. Frequent mental exercises in combining small numbers. Intellectual Arithmetic to Lesson 40th, Page 110th. Practical Arithmetic to Art. 259th, Page 182nd, omitting "Decimal Weights and Measures." Give frequent applications and illustrations other than those found in text-book.

Geography.—Intermediate Geography, first 18 pages, Thorough knowledge of Latitude and Longitude to be taught with the globe; North America; United States; Draw N. E. States from memory.

Language.—Construct sentences. Correct errors in the use of language. Letter writing.

FIRST CLASS.

Reading.—5th Reader to Lesson 41st, Page 169th. Other work as in 2nd Class.

Spelling.—Speller to Chapter 39th, Page 109th. For other directions, see 2nd class.

Arithmetic.—Intellectual Arithmetic to Lesson 42nd, Page 116th. Practical Arithmetic to Art. 302nd, Page 214th. Review *all* of 2nd class work.

Geography.—Review the work of 2nd class. South America; Europe; Draw South America from memory.

Language—Grammar. — Construct sentences ; correct errors in use of language ; letter-writing ; short compositions on common subjects. Oral instruction on the parts of speech and their uses, different kinds of simple sentences and their analysis.

FIRST AND SECOND CLASSES.

Writing.—Writing Books Nos. 3 and 4.

Oral Instruction.—Leading points in U. S. History, as discoveries ; Revolution ; Rebellion ; Presidents ; sketches of prominent men, as Columbus, Franklin, Washington, King Philip, Patrick Henry, Wm. Penn, etc. City and state governments. Subjects treated of in the first eight chapters of the Manual of Commerce.

FIRST DIVISION.

SECOND CLASS.

Reading.—5th Reader continued. Questions on the meaning of all reading lessons. Occasional reading from papers, and books other than the text-book. Punctuation marks. Sounds of vowels and consonants.

Spelling.—Speller to Part 3rd. Spelling of words occurring in all lessons. Special attention to be given to the spelling of geographical names. Common and familiar words.

Arithmetic. — Intellectual Arithmetic to Lesson 49th, Page 135th. Review tables thoroughly. Frequent mental exercises in combining numbers. Practical Arithmetic to Art. 334th, Page 238th. Frequent applications and illustrations aside from the text-book. Thorough practice on the fundamental rules.

Geography.—Intermediate Geography completed and reviewed. Map drawing : continents, United States.

Grammar & Language.—Correction of errors in the use of language ; construction of sentences ; letter-writing ; short compositions ; analysis and parsing. The text-book may be used with this class.

Physiology.—Cutter's 1st Book, to Chapter 19th, Page 89th.

History.—Leading points in U. S. history. Historical sketches continued as in 2nd Division.

FIRST CLASS.

Reading.—See directions for 2nd Class.

Spelling.—Same as 2nd Class. Complete the Speller.

Arithmetic.—Intellectual Arithmetic completed and reviewed. Practical Arithmetic completed and reviewed. Other work as in 2nd Class.

Geography.—Review Geography last two terms.

Grammar & Language.—See directions for 2nd Class.

Physiology.—Cutter's 1st Book completed.

History.—U. S. History completed.

FIRST AND SECOND CLASSES.

Writing.—Writing Books, Nos. 4 1-2 and 5.

Oral Instruction.—City, State and National governments. Elements of the various sciences. Manual of Commerce.

 BOOKS USED.

FIRST DIVISION.

Hillard's 5th Reader; Brown's 1st Lines of English Grammar; Guyot's Intermediate Geography; Progressive Spellers; Greenleaf's Practical Arithmetic; Greenleaf's Intellectual Arithmetic; Cutter's 1st Book of Anatomy, etc.; Campbell's Concise History of U. S.; Browne's Manual of Commerce; Spencerian Writing Books, (New Series,) Nos. 4 1-2 and 5.

SECOND DIVISION.

Hillard's 5th Reader; Hillard's Intermediate Reader; Progressive Speller; Guyot's Intermediate Geography; Greenleaf's Practical Arithmetic; Greenleaf's Intellectual Arithmetic; Spencerian Writing Books, Nos. 3 and 4; Greenleaf's Manual of Commerce.

THIRD DIVISION.

Hillard's Intermediate Reader; Hillard's 4th Reader; Progressive Speller; Guyot's Elementary Geography; Greenleaf's Practical Arithmetic; Greenleaf's Intellectual Arithmetic; Spencerian Writing Books, Nos. 2 and 3; Hooker's Child's Book of Nature.

FOURTH DIVISION.

Hillard's 4th Reader; Hillard's 3d Reader; Progressive Speller; Guyot's Elementary Geography; Greenleaf's Intellectual Arithmetic; Greenleaf's Practical Arithmetic; Spencerian Writing Books, Nos. 1 and 2; Hooker's Child's Book of Nature.

FIFTH DIVISION.

Hillard's 3d Reader; Spencerian Tracing Book; Hooker's Child's Book of Nature; Hoyt's Combination Card.

SIXTH DIVISION.

Hillard's 2d Reader; Hillard's Primer; Hillard's Reading Charts; Hoyt's Combination Card.

The following named scholars have been neither absent or tardy during the *two* terms preceding Dec. 31st, 1873 :

Ward 1.

Alice J. Newton,	Esther Stringer,	Charles Jenness.
Cora E. Gilman,	Daniel D. Waldron,	
Katie Learey,	Clarence B. Hodgdon,	

Ward 3.

Mary Quinn,	James Jones,	Oliver Adams,
Ellen Jones,	Timothy Lane,	Henry Anderson,
Fannie McDonald,	Charles McDonald,	Charles Badger,
Fannie Rogers,	Elvin Newton,	Charles Osgood,
Edith Sullivan,	Sherman Newton,	Batti Sughrue,
John Buckley,	Willis Rogers,	Eddie Smart,
Charles Gray,	Lewis Tarlton,	Charles Watkins.
Charles Humphreys,	Charles Stevens,	

The following have been neither absent or tardy during *one* term :

Ward 1.

Florence H. Wendell,	Josephine Stringer,	George H. Hall,
Luella Martin,	Lillie Grant.	John W. Langiey,
Lizzie Blaisdell,	Ella Manent,	Jerry M. Morrissey,
Nellie P. Walker,	Annie Milton,	Willie J. Pierce,
Helen Blumauer,	Annie Furbish,	Andrew Ward,
Ella B. Brooks,	Nettie Hough,	Edward Raitt,
Carrie B. Clark,	Katie Quinn,	Willie Entwistle,
Mattie Hutchinson,	Jessie Thorn,	Harry Hawkins,
K. Mabel Marks,	Elma Seymore,	Charles Carroll,
Annie Carrol,	G. W. Philbrook,	Frank Hickey,
Edith Frye,	Arthur A. Shannon,	George Magraw.
Mary Hildreth,	Jerry J. Couhig,	

Ward 2.

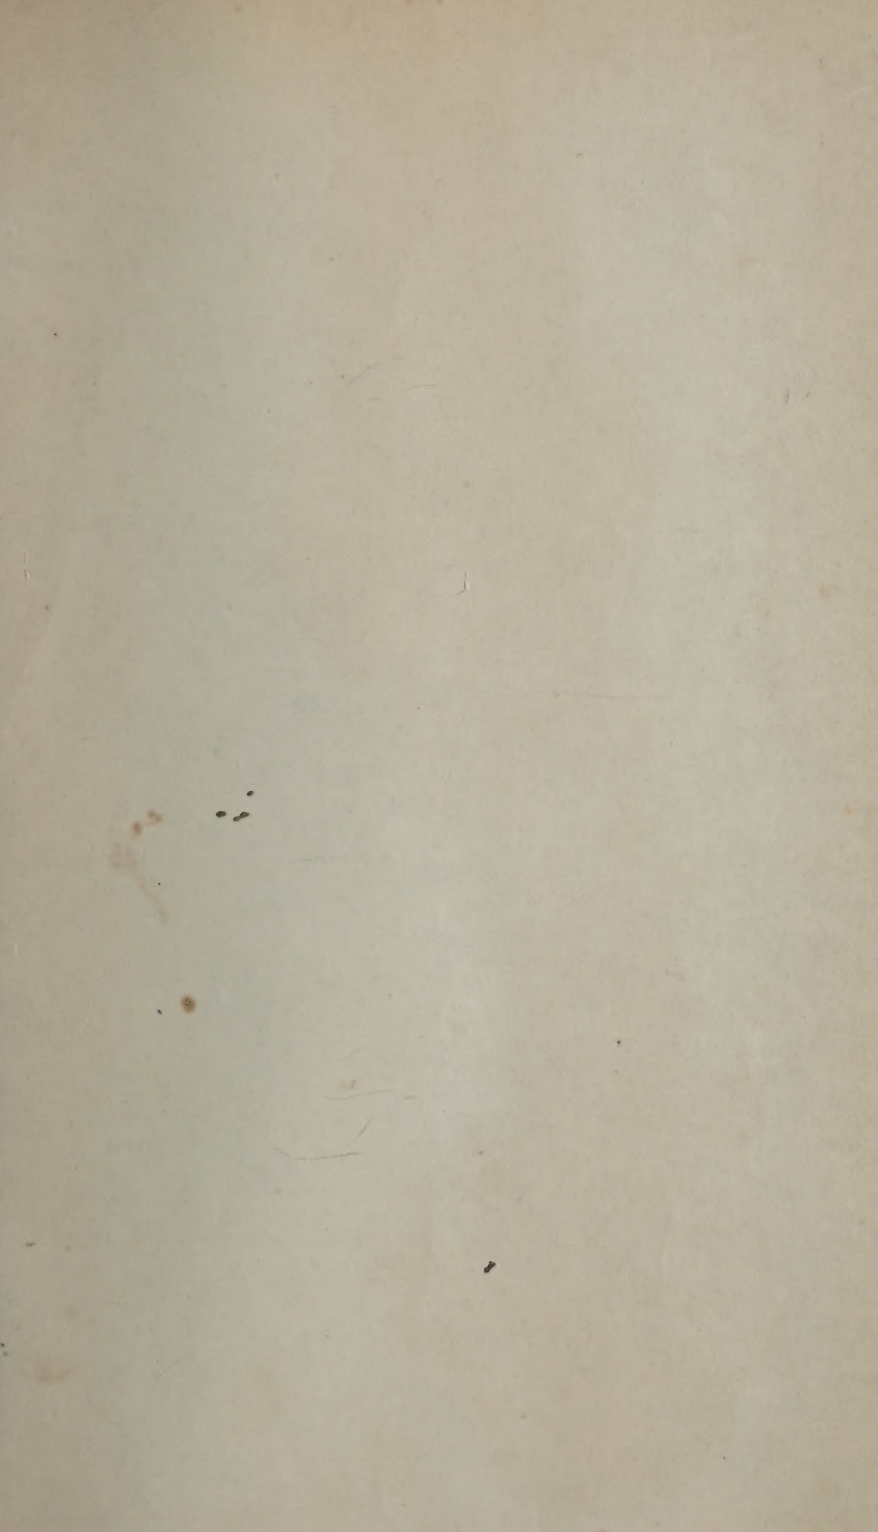

George H. Hutchinson,	Emma F. Goss,	Emma Hardy,
William O. Lang,	Nettie Sides,	Gracie Randall,
Annie Gage,	Annie Rees,	Richard May,
Ella Gage,	Hattie Dearborn,	James May.
Ella F. Goss,	Colby Hardy,	

Ward 3.

Estella Anderson,
 Iva Anderson,
 Carrie Caswell,
 Lizzie Caswell,
 Minnie Caswell,
 Abbie Connor,
 Jennie Fernald,
 Lizzie Gardiner,
 Mabel Gray,
 Laura Haraden,
 Alice Hutchings,
 Belle Holbrook,
 Ella Jackson,
 Mary Jones,
 Edith Laskey,

Philena Marshall,
 Ella Marshall,
 Carrie Randall,
 Lizzie Trefethren,
 Mabel Watkins,
 May Vaughan,
 George Ayers,
